

Celebrating 22 years!

Dr. Shirley Salazar

Referrals welcome!

A fascinating statistic was released recently ... about 40% of us are considering a move in 2022! Moving covers more than just a new home.

It means new workplaces, new recreation routines, and a new dental practice.

With this in mind, would you do us a favour? Should you meet a new neighbour, and should they be looking for a new dentist, would you kindly refer them to us? A healthy influx of new patients helps us keep our practice vibrant and allows us to invest in team education and new technologies so that we can continue our high level of care that we provide to you and your family. We promise to take good care of everyone you send our way.

With our sincere thanks,

Dr. Shirley Salazar

3 Ways to take a big bite out of life!

Get confident with crowns

Every tooth has a job – chewing, grinding, or slicing – and each one has a duty to keep its neighbours neatly aligned. If you have damaged or missing teeth, this orchestration is thrown off kilter, introducing possible bite issues, jaw pain... even eating and speaking challenges. Are you a crown candidate?

Crowns – Covers an existing decayed, damaged, or misshapen tooth, crowns **strengthen** and **enhance** with the perfect color, shape, and size.

Crown & Bridge – Add **support** and **security** to replacement teeth, and while they fill gaps, they reduce bite stress and shifting teeth.

Crowns On Implants – Also looking and behaving like natural teeth, implants help stop jawbone loss beneath a missing tooth, helping to maintain a **more-youthful face shape**.

Don't put up with damaged or missing teeth. Regain the beauty and function of your smile and take a big healthy bite out of life!

A photograph of a middle-aged couple embracing outdoors. The woman has short grey hair and is wearing a blue denim shirt. The man has a beard and is wearing a red and blue plaid shirt. They are both smiling warmly at each other.

We're here to
HELP you.
CALL TODAY!

It's Zoom! season

Are you ready for your close-up?

Creating memories is always the focal point of special days like weddings, proms, and graduations, so if there's one thing you can count on, it's cameras capturing your smile from every angle! These photos will live on, and a bright beautiful smile is more than just an accessory – it's one of the most important details you can plan for.

5 Reasons you'll love Zoom!® teeth whitening...

1. Whitens up to 8 shades or more in just one visit
2. Perfect choice for your busy schedule
3. Simple and painless
4. Safe and effective
5. Your results can last for years.

We want you to feel and look your most confident, dazzling best, and recommend you book today for your Zoom! whitening appointment. During the smile season, these appointments fill up very quickly! Call today!

Thank you for keeping us in mind!

Don't miss out

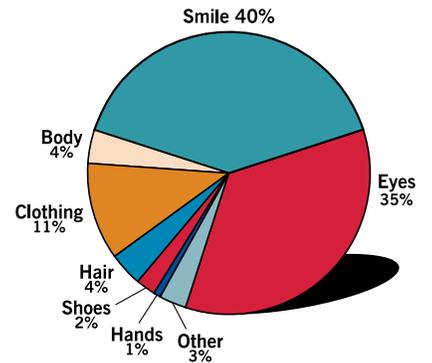

You've already paid for it

This is a reminder to help you maximize the dental benefits you're paying for, including:

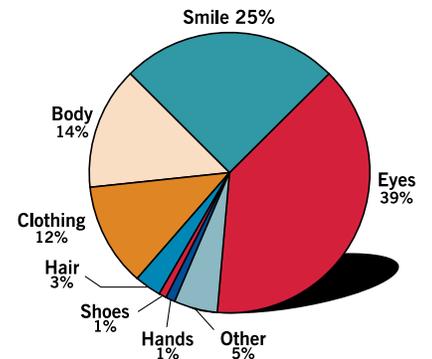

- Getting your professional teeth cleaning visits scheduled/completed.
- Maintaining your regular checkups for early detection of bigger issues.
- Optimizing coverage for bigger treatments.

We're the dental experts you can count on to help you get the care you need to keep your oral and overall health at its best. Talk with us about your plan and we'll make sure you're getting the most from what you've paid for.

What we NOTICE first

What WOMEN notice first

What MEN notice first
